

Eclipse IDE interface showing a Java project named "ForecastTest". The Package Explorer on the left lists various packages and classes. The main editor displays the source code of the "ForecastTest" class, which includes a main method and several variables. A dialog box titled "Add Library" is open, prompting the user to select a library type to add. The dialog lists options: JRE System Library, JUnit, Maven Managed Dependencies, and User Library. The bottom of the screen features a banner for "Java Developers 2026-06" with installation options and sponsor logos.
